

**C10 FORUM** – Limited Edition

OWNER'S HANDBOOK

**CHR. WARD**  
L O N D O N

## TIME ON YOUR SIDE...

Your Christopher Ward watch has been designed and engineered by highly talented craftspeople to ensure not only accurate and precise timekeeping but also to bring a real pride of ownership that only luxury items of the highest quality can ever hope to deliver.

You have made an investment, a good one, and the aim of this handbook is to help you make the most of that investment during what I hope will be a lifetime of ownership.

Christopher Ward

## YOUR C10 FORUM LIMITED EDITION

**The latest CW Forum Limited Edition is a masterpiece of understated design combined with Swiss watchmaking excellence.**

The new 42mm case with polished stainless steel bezel is engineering perfection as is the Sellita SW200-1 automatic movement. The stunning new matt finish optic white dial makes the watch clearer and more legible whilst creating a contemporary feel.

The 2013 C10 Forum LE is a worthy successor to previous limited edition Forum watches.

Case:	316L stainless steel
Vibrations:	28,800 vph
Water Resistance:	5 ATM (50 metres)
Dial:	Optic White
Strap:	20mm Italian leather

## DISPLAY AND CONTROL BUTTONS

## SETTING THE TIME/DATE

- Position ① is for winding in power. Wind in a clockwise direction to re-power the watch.
- Pull gently into position ②. For rapid date correction, turn in a clockwise direction.
- Pull gently into position ③. This position is used for handsetting, and stopping of the second hand. For precise time setting it is recommended to pass beyond the desired minute and to set the hand backwards.

**PLEASE NOTE:** The date cannot be changed during the date changing phase between 21.00 hrs and 02.00 hrs as the watch gearing will already be aligning itself to change the date. The crown should always be screwed in after adjustment, and it is best to do so from position ③ to avoid advancing beyond the desired date.

## WATER RESISTANCE

Although your watch has been through vigorous static pressure testing, it is worth remembering that there are many variables that can affect the water resistance of your watch.

For instance, arm movements during swimming and the sudden impact of diving and water sports will drastically increase the pressure the watch is under. Wearing your watch in the bath, shower, or sauna can also have an effect as a rapid increase in temperature can cause seals to expand and in extreme cases, malfunction or create condensation.

For these reasons, the water resistance rating of your watch (as shown) **should only ever be considered a guideline** and we strongly recommend they are always adhered to.

### **1 ATM** (10 METRES)

Safe to wear your watch while washing your hands with tap water.

### **3 ATM** (30 METRES)

Washing your car and/or general hose pipe usage.

### **5 ATM** (50 METRES)

Water resistant to most household shower units.

### **10 ATM** (100 METRES)

Safe to use while snorkelling in open water.

### **30 ATM** (300 METRES)

Ideal for experienced divers and those practising scuba-diving.

### **50 ATM** (500 METRES)

Professional divers, experiencing prolonged exposure underwater.

### **100 ATM** (1000 METRES)

Professional deep sea diving.

## STRAPS & BRACELETS

As you would expect, we place as much emphasis on the quality of our straps and bracelets as we do our watches. We only use the finest leathers for our straps and our premium alligator straps are all ethically sourced from CITES approved farms in Louisiana.

Similarly, we only use the finest metals in the construction of our bracelets, all of which are precision engineered for durability, efficiency and comfort. The following guidelines explain how easy it is to use and adjust your Christopher Ward strap or bracelet.

### LEATHER STRAP WITH EASY RELEASE BUTTERFLY CLASP

1. Locate the clasp
2. Press the quick-release
3. Pull open the clasp
4. Locate the opening
5. Thread strap through
6. Secure the strap
7. Close the clasp
8. Complete

## BRACELET WITH MICRO-ADJUSTMENT

1. Press to release
2. Expand adjustment
3. Adjust pin position
4. Close the clasp

## DIVER'S EXTENSION (WHERE APPLICABLE)

1. Press to release
2. Expand adjustment
3. Adjust pin position
4. Close the clasp

## QUICK-RELEASE PINS (WHERE APPLICABLE)

1. Locate the release
2. Drag button back
3. Detach strap
4. Align holes to click a new strap in position

# OUR CW360 WATCH CARE PROGRAMME

Your watch is constructed from the finest components and materials available including one of Switzerland's finest mechanical movements. As with all watches of this quality, with the right care and attention, your new Christopher Ward watch has the potential to become an heirloom piece giving further joy to future generations. It's for this reason we have created our industry leading approach to after-sales care which we term the CW360 Watch Care Programme.

**Christopher Ward's CW360 Watch Care Programme is designed to deliver you complete peace of mind and the best support possible throughout the lifetime of your ownership. The programme has three key elements:**

Visit our website for more details about the CW360 Watch Care Programme

**1 60 DAY FREE RETURNS**

---

Our success depends on you being completely happy with your new Christopher Ward watch. If for any reason you aren't, you have up to 60 Days to return your watch, absolutely free of charge, and receive a replacement or full refund by return – and without any quibbles from us!

**2 FREE 5 YEAR MOVEMENT GUARANTEE**

---

Your watch, at its heart, has a top quality precision engineered Swiss movement – so it's very unlikely to give you problems with the minimum amount of care and attention, including a regular service. We recommend you return your watch to us every 3/4 years for a service, so our expert technicians can keep your fine timepiece in the peak of condition.

**3 SERVICING & REPAIRS...THE CHRISTOPHER WARD WAY...**

---

Our innovative approach to servicing and repairing your Christopher Ward watch means that having your watch serviced or repaired doesn't mean months of waiting followed by an exorbitant bill – which is pretty much the experience guaranteed by every other luxury watch brand. We have developed an easy, quick and affordable expert service and repairs programme that doesn't cost the earth and has your watch back where it belongs – on your wrist – in double-quick time.

## KEEPING IN TOUCH WITH CHRISTOPHER WARD

From small beginnings just a few short years ago (our first workshop was actually a refurbished chicken shed!), Christopher Ward has won a worldwide following for his eponymous watch brand and can justifiably claim to manufacture the most affordable luxury watches in the world.

For many, the philosophy behind the brand, of trying to put luxury watches within the reach of everyone, is as attractive as the watches themselves, as is the very open approach of the business which means that Chris and the team spend a lot of time communicating personally with our customers – many of whom have become friends.

As the owner of a Christopher Ward watch, if ever you need to get hold of us we are at your service. We have listed some useful contact details on the back cover.

There is also always something new going on at our website at **[www.christopherward.co.uk](http://www.christopherward.co.uk)** and, if you haven't already discovered the independent forum dedicated to our brand at **[www.christopherwardforum.com](http://www.christopherwardforum.com)** we would recommend a visit. Informative and fun, it's a great place to hear the unexpurgated view of Christopher Ward of London!
